

YOU DON'T HAVE TO BE CRACKERS

to suffer from mental health issues

World Mental Health Day
10th October 2015

World Mental Health Day is the annual global celebration of mental health education, awareness and advocacy.

Mosaic Clubhouse in Brixton is part of a worldwide network of clubhouses that exist to provide support and opportunities to people living with a mental health condition.

About Mosaic Clubhouse in Brixton.

Mosaic Clubhouse provides opportunities that means everyone gets to participate, re-discover their talents, hopes and dreams and be part of a community that promotes recovery.

Staff and members work side-by-side to run the service from their Brixton base, helping members back into employment and delivering a unique mental health information service, accessible to the public.

Donate

Please support Mosaic Clubhouse and help them spread the word that people affected by mental illness have the potential to be productive and have the right to dignified and meaningful lives!

Satay*

Satay Bar decided, on their 20th anniversary, to support the work of Mosaic Clubhouse...

a local charity dedicated to the treatment of mental health issues. Mental illness can of course effect anyone; including the recent sad deaths of a former staffer and also the death of a regular customer.

Mosaic Clubhouse is tireless in its resolve to both help and understand an area of health that sees little support. This organisation provides opportunities for those suffering from mental illness to recover and progress.
